

# CASE STUDY

## About the Client

One of the Large IT firms that developed and provided a wide variety of hardware components as well as software and related services to consumers, small- and medium-sized businesses and large enterprises, including customers in the government, health and education sectors.

## Solution

Wheebox understood this project and conducts 25000+ certifications every year. Multiple partner registration made easy for the client and candidates enrolled under one partner with number of assessments taken, sharing the results with candidates and publishing the certificate by just one click.

Tests conducted in multiple languages and report also generated in regional languages. E-certificate generated for a candidate clearing the passing criteria.

## The Process

Client partner certification training helped expand skills and knowledge and stay current with the required certifications and competencies in order to maintain program compliance. The company conducts online assessment for certification in various skills-based assessment and provides certifications to candidates post training such as-

1. Big Data
2. Advanced Excel
3. Networking etc

They have tie-ups with various partners across India. They register these partners on our platform, registers candidates under one partner, conducts the assessments and post completion of assessment, on the basis of scores, the candidates get the reports along with Certificate of clearing the course in a particular domain.
