OUR COMMITMENT FOR MAXIMIZING EXAM AUTHENTICITY AND CONTINUITY

ABOUT THE CLIENT ———

The company was founded in 1939 and since then it has been one of the largest IT firms that develops and provides consumers, small- & medium-sized businesses and large enterprises – including customers in the government, health and education sectors – with a wide variety of hardware components, software, and related services. The client's vision is to create technology that makes life better for everyone, everywhere — every person, every organization, and every community across the globe. The company is committed to innovating and reinventing your digital life.

PROBLEM STATEMENT ———

The company was conducting various skills-based assessments using the pen & paper format across about 900 centers for certifications and provided certifications to candidates post training such as-

• Big Data

• Advanced Excel

• Networking

The checking & evaluation of the assessments used to be manual, which was extremely time consuming and expensive.

There were three major requirement of the company:

• They wished to take the entire assessment process online, including scheduling, approvals, conducting tests, and immediate evaluation

• They wanted quicker TAT and a cost-efficient approach to the entire evaluation and registration process

• They wished to have automated sourcing for the assessments

Wheebox brings powerful and customizable solutions in time to help deliver any type of online examination certified by CERT-In (National Agency for Cyber Security), for application security, that helps educational organizations identify & build cost-effective online examinations with higher accuracy enabling them to conduct the desired online examinations.

SOLUTION

Wheebox understood this project and now conducts 25000+ certifications every year for the company. Multiple partner registration have been made easier for the client with candidates enrolled under one partner, the results shared with candidates and the certificates published in just one click. With automated scheduling and approvals, the TAT has reduced from four months to 30 days.

Tests are conducted in multiple languages and reports can also be generated in regional languages. E-certificates can be generated for a candidate clearing the passing criteria.

PROCESS

The company has tie-ups with multiple partners across India. It registers these partners on our platform, registers candidates under one partner, conducts assessments, and post the completion of assessment – on the basis of scores – candidates get the reports, along with the Certificate of passing the course in a particular domain.
