# OUR COMMITMENT FOR MAXIMIZING EXAM AUTHENTICITY AND CONTINUITY

## ABOUT THE CLIENT

The University was established in 1998 by Govt. of NCT of Delhi and is recognized by the University Grants Commission (UGC), India, under section 12B of UGC Act. The University has not only been able to earn the best of national accreditations, but also receive educational awards and acquire stringent certifications. In all, the University has 100 affiliated institutes; of these, 76 are self-financed, and 24 are owned and managed by the Govt. of NCT of Delhi/Govt. of India. In these affiliated institutions, 80 academic programs are being conducted.

The University has an explicit objective of facilitating and promoting studies, research, and extension work in the emerging areas of higher education with focus on professional education departments such as engineering, technology, management studies, medicine, pharmacy &amp; nursing, education, and law. Its aim is also to achieve excellence in these field and other connected fields & matters.

The University is committed to provide a market oriented professional education to the student community of India in general and of Delhi in particular, with a view to serve higher education, as well as to meet the needs of the Indian industries by promoting the establishment of Colleges and Schools of Studies as Centers of Excellence in the emerging areas of education.

## PROBLEM STATEMENT

In the unprecedented times, institutions are opting for online solutions to conduct online entrance examinations and semester examinations. In the month of January'2021, the University wished to conduct Online and Center-Based Semester-end Exams for Main Campus Students and Affiliated Colleges' Students

There were three major requirements of the University:
• To conduct remote online exams for the students amidst the pandemic and declare results as per the Guidelines of UGC/Government.
• To help faculties monitor candidates while attending examinations to maintain the sanctity.
• To conduct center-based online exams for the students who did not have internet services or the apt devices to attend exams.

## ABOUT US

We are a Global Online Talent Assessment Company empowering businesses, academic institutions, sector skills councils, and the government with deep talent insights, while also enabling better hiring and development decisions. Through our robust, highly secured, and certified test engine – enriched with advanced analytics, is highly interactive, and has intelligent assessment tools – we drive great business results and people ROI for our customers. Wheebox brings powerful and customizable solutions in time to help deliver any type of online examination certified by CERT-In (National Agency for Cyber Security), for application security, which helps educational organizations identify & build cost-effective online examinations with higher accuracy enabling them to conduct the desired online examinations.

## SOLUTION

Candidates were allowed to take exams at the convenience of their own homes. Also, an option was provided to attend the exams at designated centers, well-equipped with computer devices and fiber internet connection if/when there were any infrastructural challenges.The University successfully conducted more than 4 Lac Online Remote Proctored Exams for students from various graduate and postgraduate courses using the Wheebox technology. Exams were webbrowser-based and had both Subjective and MCQ-based Questions. A separate server was created for conducting exams for the University.

## PROCESS

1. Wheebox created a White-labeled URL with a Landing page
2. Questionnaire was sent by the University
3. Tests were created by Wheebox as per the test rules prescribed by the University
4. Training sessions for Proctoring were conducted by Wheebox for all the faculties deployed for proctoring
5. Enrollment number of the candidates were kept as their Login ID
6. Candidates were allowed to set their own passwords.
7. Data of candidates was mapped with the right subject, date, and time of exam.
8. All the candidates were proctored remotely by the faculties of the University using Wheebox's powerful AI-based Proctoring Tools.
9. Post exams, faculties were assigned candidates of their respective subjects for the evaluation of subjective type questions.
10. Training was conducted by Wheebox for all the evaluators of subjective exams.
11. Results were shared for all modes of exams with the University at the end of each term in the desired format.
