Faculties agreed upon working from home and giving their best through online video platform to teach but assigning tasks and assessing students was still at large, unimaginable, urging immediate action of shifting all the exams to online-mode to ensure the continuity of teaching-learning process. ## PROCESS

Wheebox designed and deployed an online flow that was designed specifically for the Institute's admission cum scholarship exams for school students of class 6th – 12th and 12th pass. Wheebox managed live proctoring of the candidates to control cheating across diversified locations/branches.

The Institute, in collaboration with Wheebox, successfully conducts more than 10K online assessments every month.
