OUR COMMITMENT FOR MAXIMIZING EXAM AUTHENTICITY AND CONTINUITY

ABOUT THE CLIENT

The University is one of the premier universities in India. It was established on 10th February, 1949. It houses 46 academic departments. It is popularly known as the 'Oxford of the East'. It has about 307 recognized research institutes and 612 affiliated colleges offering graduate and undergraduate courses.

The university attracts many foreign students due to its excellent facilities. It offers different scholarships to the students and conducts seminars and conferences for the students.

It is a vibrant Knowledge Center and a Center of Excellence in teaching, research, and extension activities; bringing about conservation, creation, advancement, and dissemination of knowledge. Being technologically equipped, it provides value-based and high-quality education, generating cutting-edge research and innovations, and enabling empowerment through social and regional inclusion.

PROBLEM STATEMENT

In the unprecedented times, most of the organizations are opting for digital solutions to connect with their respective stakeholders and have also adopted the online mode of conducting online classes, taking assignments online, conducting online entrance examinations and semester examinations. In the month of October the University wished to conduct Online and Offline assessments for final year/semester students.

There were three major requirements of the University:
1. They wished to conduct remote online proctored exams for the students amidst the pandemic and declare results as per the Guidelines of UGC/Government.
2. They wished to conduct offline exams for the students who did not have internet services or the apt device to attend exams.
3. Most of the candidates were Marathi-Speaking, and thus, the University wanted people well-versed in Marathi.

ABOUT US

We are a Global Online Talent Assessment Company empowering businesses, academic institutions, sector skills councils, and the government with deep talent insights, while also enabling better hiring and development decisions. Through our robust, highly secured, and certified test engine – enriched with advanced analytics, is highly interactive, and has intelligent assessment tools – we drive great business results and people ROI for our customers. Wheebox brings powerful and customizable solutions in time to help deliver any type of online examination certified by CERT-In (National Agency for Cyber Security), for application security, that helps educational organizations identify & build cost-effective online examinations with higher accuracy enabling them to conduct the desired online examinations.

SOLUTION

Offline and Online, examinations were conducted in both the modes for the University. A command center was set up with 48 support agents who were well-versed in Marathi for the comfort of candidates. The university successfully conducted more than 20 Lakh online Image proctored exams for third and end semester students from various graduate and post graduate courses starting October'2020 using the Wheebox technology. Exams were mobile app-based and web browser-based and had MCQ-based Questions. Separate server was created for conducting exams for SPPU.

PROCESS

1. Wheebox created a White labelled URL with Landing page
2. Questionnaire was sent by SPPU team in two languages- Marathi and English
3. Tests were created by Wheebox as per the test rules prescribed by the university
4. Login IDs of the candidates and password were created by SPPU/Wheebox
5. Data of candidates was mapped with the right subject, date, and time of exam.
6. Exams were conducted in multiple slots in a single day in various modes – browser-based, Mobile application-based and Offline
7. Results were shared for all modes of exams with SPPU team at end of each term in the desired format.
